FARBER SPECIALTY VEHICLES

FARBER SPECIALTY VEHICLES

Farber's 50,000 square foot manufacturing and assembly plant is located next to I-70 in Columbus, Ohio, ten minutes from the Columbus International Airport.

Our electrical and mechanical engineering staff are dedicated to custom designing bodies and interior floor plans with AutoCAD and SolidWorks computer design systems.

A family owned business, currently introducing the 4th generation, Farber Specialty employs over 100 people and is engaged in the research, design, development and manufacture of custom specialty vehicles.
